## IMPORT/EXPORT

From addressing quarantine regulations to foreign-country requirements, we provide pest elimination and fumigation services at major seaports and inland port locations to help you deliver quality, pest-free goods.

## COMMODITY STORAGE

No matter how you store your grains and seeds, our targeted treatment programs and fumigation services are customized to keep them safe from pests.

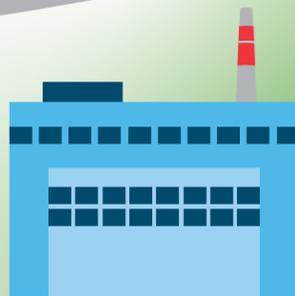

## WAREHOUSE

Ecolab's advanced technologies and pest management/fumigation expertise help you ensure the quality and value of your product to remain audit-ready at all times.

## MILLING/FOOD PROCESSING PLANT

The Ecolab **Food Protect** program and fumigation services are designed to help you meet third-party audit requirements, maintain safe and pest-free food and keep your operation running efficiently.

## HOSPITAL AND LONG-TERM CARE FACILITY

Ecolab's comprehensive **Healthcare Protect** program helps you stay ahead of pest problems while providing a welcoming environment to residents, employees, patients and guests.

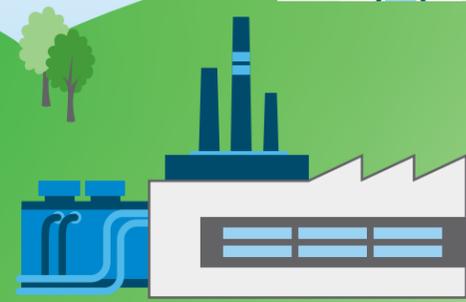

## HOTEL

Ecolab's **Hotel Protect** program uses a proactive, outside-in approach that provides comprehensive protection against common pests and bed bugs, giving your guests peace of mind and protecting your reputation.

## PHARMA/PERSONAL CARE PLANT

Ecolab's advanced technologies and pest management expertise help you focus on ensuring product quality while maintaining a clean, safe and healthy environment.

## GOVERNMENT BUILDING, OFFICE OR SCHOOL

Ecolab Pest Elimination works with you to create a customized program to protect your image while proactively preventing pests and positively impacting employees and visitors.

## RETAIL

The Ecolab **Retail Protect** program delivers everything you need to eliminate pests, maintain health department compliance and safeguard public health.

## RESTAURANT

The Ecolab **Restaurant Protect** program is designed to minimize pest risk, protect your brand and ensure safe food for guests.

"Ecolab shares their **expertise** with me, helping me **educate** my staff and **prevent** pest problems."

## TRUSTED PARTNER

We forge partnerships that empower you to win the fight against pests.

Safe, healthy and pest-free environments are essential to the health of your employees and customers, as well as the reputation of your business.

Industry-leading service specialist retention to ensure **experienced and consistent service.**

Globally, we help **40,000 customers** protect their brands from pest risks.

Ecolab's bed bug service helps hotels **reduce downtime by up to 9 days** per incident.<sup>1</sup>

"Ecolab **communicates** with me regularly, giving me the **information** I need to keep my facility pest-free."

## CONSISTENT COMMUNICATION

We keep you informed of pest issues so you can focus on your business.

Pest safety risks can be minimized through proactive pest management. We partner with you to provide on-site consultations, service reporting and emergency response to eliminate pests.

We provide **24/7** customer care and technical support.

Worldwide, we provide more than **21 million** structural, sanitation and operational recommendations annually.<sup>2</sup>

We provide insights on structural issues, because facilities that have them are **2-3x more likely** to have rodent activity.<sup>2</sup>

"Ecolab's **scientific, outside-in approach** provides me with protective barriers inside and out to **prevent pest issues** before they damage my brand."

## INNOVATIVE SPIRIT

We continually advance the science of pest elimination and share our expert knowledge with you.

At our Global Research Center of Excellence, we study pest behaviors and trends, conduct pest forensic investigations, and innovate protocols, equipment and technology to help you keep your environment pest-free.

We maintain an in-house insectary for testing to ensure our products and services **meet our customer needs**.

We have **140+ patents** in pest technologies.

Worldwide, we provide **more than 5,000** expert pest identifications and consultations annually.<sup>2</sup>

A negative online review with a photo of a pest will spread **2-3x faster**. Now more than ever, you need a partner that can help protect your brand and maintain a safe, healthy, pest-free environment.

## SUPERIOR SOLUTIONS

We have a holistic approach and unwavering standards for proactive pest prevention and elimination.

Ecolab Pest Elimination has 6,450 associates worldwide who are committed to providing targeted programs that deliver guaranteed results.

Our outside-in Large Fly Program with the use of the STEALTH Fly Station reduces flies entering a facility by **up to 50%**.<sup>3</sup>

We perform **more than 50,000** fumigations annually.<sup>2</sup>

Our specialists attend a **five-week, award-winning interactive training** program and receive continuing education.

# WE ARE COMMITTED TO A HIGHER STANDARD

Ecolab goes beyond simple pest control by putting our expertise and science to work to solve the industry's most complex pest challenges. By continually driving innovation, our people collaborate proactively with you to provide superior solutions that protect your brand and bottom line, today and in the future.
